Welcome to the World of Cardiovascular Sciences

We are happy to inform you that Delhi Pharmaceutical Sciences and Research University in collaboration with All India Institute of Medical Sciences (AIIMS, New Delhi) is organizing the International Conference of Cardiovascular Sciences (ICCS-2020) during February 21–23, 2020. This conference will incorporate the Annual Conferences of International Academy of Cardiovascular Sciences (IACS)-India Section & International Society of Heart Research (ISHR)-India Section.

The IACS was founded in 1996 with its headquarter in Winnipeg, Canada by renowned Cardiovascular Scientists, Surgeons and Cardiologists, The Academy has provided a platform for sharing of research and education information in the field of heart health. Most important mission of IACS is to promote cardiovascular education of professionals and lay people and to recognize major cardiovascular achievement throughout the world. It has been encouraging young investigators with several awards and prizes, in addition to recognition of Senior scientists with Awards and Orations. At present, the IACS has established five sections, in India, Japan, Europe, South and North America which are operating independently, but in a coordinated fashion.

Similarly, the ISHR has a mission to promote the discovery and dissemination of knowledge in the cardiovascular sciences on a world-wide basis. The society brings together clinical cardiologists and cardiovascular scientists in India in an effort to develop better collaborative research and healthcare deliveries for cardiovascular diseases, especially for those which are more prevalent in India and to foster International collaboration through ISHR World. ISHR-Indian section is also committed to achieve affordable diagnostic, preventive as well as therapeutic measures at an indigenous level.

Delhi Pharmaceutical Sciences and Research University (DPSRU), the First Pharmacy University of India, with its constituent college Delhi Institute of Pharmaceutical Sciences and Research (DIPSAR) has a privilege of organizing not only several conferences on cardiovascular sciences in past, but also, to have the Nobel laureate as the participant. DPSRU is pleased to invite the scientists, clinicians and young investigators to attend the mega event in February 2020. The university is known for having strong legacy for cardiovascular research. Clinical trials and herbal formulation development. It offers various graduate programmes in various disciplines of pharmacy and allied sciences including clinical research, Physiotherapy, Hospital Management and Public Health.

All India Institute of Medical Sciences, is the premier medical Institute of the country known world over for not only quality health care delivery but also the highest quality research. DPSRU with AIIMS is organizing this conference to promote the research in cardiovascular sciences.

This conference will have eminent speakers from various parts of India and other countries with the participation of clinicians, basic scientists and young investigators who will have good opportunity to interact with each other. We take this opportunity to participate in this grand scientific event.
