MESSAGE

It is with great pride, honor and pleasure that second prospectus of **Delhi Pharmaceutical Sciences and Research University**, one of the first in India and perhaps Asia is being brought out. The university has been created with the vision to promote excellence in research and development in pharmaceutical sciences and allied sciences. The university has been created through an act of Delhi Government in 2008, but could not be started due to certain unforeseen circumstances. Somehow the presents AAP's government had initiated/started in August 2015.

I joined in College of Pharmacy situated in Pusa in August, 1976. We shifted in 1979-1980 academic year to Pushp Vihar. I was privileged to start M.Pharm Pharmacology and pharmaceuticals in 1979. I took over as Acting Principal on 1st April 1995 and gradually tried to bring overall development of DIPSAR after getting converted from College of Pharmacy. During my long association with DIPSAR as Director up to 2011, I have been continuously involved in enhancing the research facilities in DIPSAR in order to make it an institute of international repute. I developed DIPSAR as a self contained complex to house the pharmaceutical science university which included state of art gymnasium, sports complex, hostels, canteen, guest house, auditorium, lecture theatres laboratories, and library with newly constructed (7+1) floor building , and many new centres for different aspects of Drug development.

Now, in my current position as **Vice Chancellor**, I wish to take DPSRU to great heights. The university will introduce more courses in pharmaceutical sciences and in allied sciences like physiotherapy, hospital management and public health administration. Many new graduate and post graduate programs will be added. The university will focus on the National Thrust area for Drug Discovery and Development in diabetes mellitus, anti-cancer, anti-obesity, anti hypertension etc.

By joining as VC, my dream to open a Pharmacy University has been fulfilled. I invited all young aspirants to join the university and be part o a glorious future.

Prof. (Dr.) S.S. Agrawal
Vice Chancellor, DPSRU

The University has active placement cell very well coordinated by the incharge Mrs. Amrita Parle. We have been having closer to 100% placements in leading national and multinational pharmaceutical companies and academic Institutions of repute at all levels. i.e. undergraduate, postgraduate (all branches),

PhD and diploma level. All the Bachelors and Masters students are placed in different multinational and national pharmaceutical companies through campus interviews even before completion of their respective degree. This year campus interviews have been conducted in the college by reputed companies viz. Matrix, EVS, Guardian, Jubilant, WNS, APC, Ranbaxy, Martin-Harris, Viva, Dabur, Indigene, Novartis, Religare, Value-edge etc. The college is experiencing a fast academic growth to the challenges of the 21 century. In the highly competitive environment, the university is capitalizing on its strengths in areas such as academic innovation, comprehensive training

and flexible educational delivery systems. Widely acknowledged for its innovative and responsible role, for which it is entrusted, the "Delhi Pharmaceutical Sciences and Research University" has produced top class Pharmaceutical Scientists for the technological up-gradation of the industry and for service to the community in all branches of pharmaceutical sciences. In keeping with the times, university is a conscientious steward, effectively utilizing human as well as financial resources. The interaction of administration, faculty, and students; the efficient use of physical facilities; and consistent updating of the campus contribute to the quality education.
