Sub : Rush of Expenditure in the closing month of Financial Year.

I am directed to bring it to the notice and attention of all to the need for ensuring that expenditure is evenly spread throughout the financial year. Rule 62(3) of GFR, 2017 stipulates in unambiguous terms that rush of expenditure particularly in the closing months of the financial year shall be regarded as a breach of financial propriety and shall be avoided.

Receipt of the proposals at the fag end of the financial year leaves little time for the examination of the proposals. Besides it does not have sufficient time to ensure proper utilization of funds. Inevitably the process involves to seek revalidation of expenditure sanctions and seek permission to utilize unspent balances in the subsequent financial year in respect of sanctions accorded in the previous financial year.

To avoid the situation, all concerned are advised that expenditure proposals requiring concurrence of higher authorities should be submitted latest by 15th March, 2019. Proposals received after due date shall be considered only in the next financial year.
