NEW DELHI: Ever since the Arvind Kejriwal-led government has taken over the reins of Delhi, their emphasis is on how to improve the health and education infrastructure in the national capital. The Delhi govt allocates the highest part of its budget for education. The govt believes not only to educate society but to make them

## DPSRU launches pediatrics physiotherapy unit

— July 31, 2021

Rohit Shishodia

Department of Physiotherapy of Delhi Pharmaceutical Sciences and Research University (DPSRU) has launched Pediatrics Physiotherapy Unit to treat children with cerebral palsy, autism, and down syndrome by providing neurodevelopmental therapy, balance training and motor planning and execution.

*DPSRU launches Department of Physiotherapy*

“The unit will also offer tailor made programmes for caregivers as well as parents as they may learn how to position their child for day to day activities. The new pediatric unit is an addition to the already existing exercise therapy unit and neuro physiotherapy unit in the university,” said DPSRU in a statement on July 31, 2021.

Professor RK Goyal, Vice Chancellor, DPSRU, stressed on the fact that outcome based research has led to the noteworthy achievements of the physiotherapy unit that started in 2015 and has reached a patient
