Hands-On Training for: Particle Size Analyzer

Nicomp® Nano DLS/ZLS Systems

Date: 19th February 2020, Wednesday

Time: 3 pm – 5 pm

Venue: Lab 508, 5th Floor

DIIF (DPSRU Innovation And Incubation Foundation)

Note: Open for all students

Students are welcome to bring their samples for analysis

For more information please contact in Room No. 512 or info@diff.in

Date: 19-02-2020

Number of Participants: 25+

DIIF acquired the particle size analyser as part of our efforts to create a well-equipped Bio-Nest here at DPSRU. This machine (Nicomp® Nano DLS/ZLS Systems) measures the size and zeta potential of sub-micron particles, using dynamic light scattering (DLS) technology to provide high sensitivity and high-resolution size. This is an extremely important instrument for all Pharmacy students. Pharmacy students use this machine for important analytical experimentation. Keeping the interest of students in mind, we arranged a hands-on training for this instrument on the 19th of February, 2020. It was attended by several students, who also got the chance to analyze their samples. At DIIF, our aim is to maintain this facility for use of our students so that it is always available to them. For the external students, our aim is to make it as an actively paid facility. This would always serve the dual purpose of keeping the machine running as well as making monetary gains from it.

Innovation Day campaign 15th October 2019

**Celebrate 15th October 2019 as
Innovation Day
to mark Dr. A. P. J. Abdul
Kalam's Birth Anniversary**

**“Innovation is born out
of cultural excellence”**

**Join the Campaign for
Celebrating 15th Oct as
Innovation Day**

On the Occasion of Dr. A. P. J. Abdul Kalam's Birth Anniversary

“Innovation is born out of cultural excellence”

Dr. A. P. J. Abdul Kalam

Recommended Campaign Activities for IICs between 23rd Sept. to 15th Oct. 2019

- ✓ Organize slogan/debate/ essay writing/poster making competitions on Innovation in the campus.
- ✓ Write the cases of Successful recent Innovations come from Student/faculty/institute in last two years.
- ✓ Create a short video on best innovative practices/innovation and incubation facilities exist in your campus to support student innovation and entrepreneurship.
- ✓ Invite School students especially nearby Atal Tinkering Labs to visit innovation facilities in your institute and organise interactive sessions on importance of innovation and future prospects.
- ✓ Place a banner in main places of your institute for large awareness among students regarding the campaign.
- ✓ Post and publish above activities/achievements in social media.
